President's Report

I welcome our new board members Steve Holmes, Bradley Jansen, Des Warner and Paul Vickers.

As stated last year, I would like the Board to look outside the square for any opportunities in fundraising. Collectively, the Board Members and Staff have successfully taken me at my word and many positive changes have occurred.

The past year has been successful based on the adoption of our strategic plan and its ongoing implementation. At the same time it has been a disruptive year. We have had to move to a larger office, this process providing additional work pressure on our dedicated staff. Their job was made easier through great support from Bradley Jansen and his building contacts and supporters. We have restructured our tin collection and have established our in-house telemarketing team led by Annie Hall. We have broadened our fundraising by the introduction of the Eye to Eye marketing initiatives led by Steve Holmes.

I sincerely thank all my fellow board members, staff including the new team of telemarketers and our Tin Collection agents and their staff for the outstanding effort they have put in over the last 12 months. I also thank our Ambassadors for their ongoing support – Peter Carey in SA and Barry Cable in WA.

In conclusion I would take this opportunity to thank those who have confidence in me and support my determination of leading the further development and expansion of the Blind Sporting Council to help those in need.

Chief Executive Officer's Report

It is an honour to be entrusted by the Board to work with it and its staff at a time of major change.

The plans to best serve our clients, the half a million people in Australia who are blind or vision impaired have given us great challenges. We know that our unique role is to fundraise and to provide grants to ensure that recreation and sport opportunities are accessible to them.

A very clear way forward is to ensure that the Council does not duplicate services provided by others. This is why the development of MOU's is so important. We need to move forward with certainty, hence documentation. We need to operate efficiently to maximise the funds provided by our donors, sponsors and supporters.

The large number of changes already achieved over the past year are summarized in the achievement section of this Annual Report and when reviewed show a great outcome as a result of commitment and hard work by many.

I sincerely thank the Board for their support and contribution by every member. The staff Moira and Annie have been very supportive of major change and have dedicated much personal time in addition to their normal duties to ensure success with all changes. We have had excellent support from our new telemarketing team, from our tin collection agents, Jim Nicholson & Tim Haggis and their teams and from a growing number of supporters.

We have come a long way over the past 12 months and the future remains positive but challenging. By all working together, there is no doubt that the Blind Sporting Council profile will increase but more significantly, many more blind and vision impaired people across Australia will benefit by gaining access to recreation and sport opportunities.

Strategic Plan

PROGRAMS

1. Revenue Generation

Established in-house telemarketing to businesses
Developed a sponsorship package
Restructured Tin collections

2. Promotion

Telemarketer and Website promotion
Distribution of requests for DVD's by 150 schools across SA

3. Relationships

Developed a generic MOU to formalise working relationships with other organisations supporting blind and vision impaired people
A special relationship with the Women's and Children's Hospital Foundation

4. Grant Allocation

In addition to retaining traditional fund allocation through the grant application process, the Board has diversified the source of blind and vision impaired clients by identifying gaps in service delivery. This is being achieved through strategic partnerships and aims to focus on support to a diversity of age groups including children and youth. The coverage of support across Australia has also been reviewed and fundraising has been arranged to commence in Queensland next year.

BUSINESS MANAGEMENT

5. Governance, Administration & Reporting

The Board has been expanded with people bringing new and complementary skills to the Board.

A concentrated effort has been undertaken by staff to document policies and maintain statistics to provide information for good future decision making. There has been an initial effort to develop a comprehensive data base but new technology is still needed to improve this area of operation.

6. Staffing

A CEO was appointed in May 2010 to support the Board and Staff make necessary changes to meet the new organisational goals.

Job descriptions of existing staff were reviewed and modified to reflect the changes in the future direction as outlined in the strategic plan.

7. Marketing

The Board continues its regular monthly community radio presence.

The website has been modified, both in style and content.

Development of an "EYE TO EYE" sub-brand commenced

8. Facilities

A new head administration office has been secured and fitted out to accommodate additional services such as telemarketing and improved facilities for other staff and for meetings.

9. Finance

Financial reporting remains a strong point for the Council. It is now being further supported with statistics and information giving more transparency to the outcome of grant allocations.

BLIND SPORTING COUNCIL INCORPORATED
TREASURER'S REPORT FOR THE YEAR ENDED 30TH JUNE 2010

The year ended 30th June 2010 has resulted in a surplus of \$18,297.

The areas of income can be summarised as follows:-

	\$	%
Net Telemarketing	77,931	35
Net Tin collection -(SA local)	40,954	18
-(WA, SA country & NT	94,823	43
Other	<u>8,449</u>	<u>4</u>
	<u>\$222,157</u>	<u>100</u>
Application		
Grants	68,705	31
Overheads	<u>135,155</u>	<u>61</u>
	<u>\$203,860</u>	<u>92</u>
Surplus	<u>\$18,297</u>	<u>8</u>

The major areas of overheads are as follows:-

Consulting	32,675
Wages	31,298
Occupancy	8,405
Printing & stationary	3,181
Superannuation	7,674
WorkCover	4,565
Insurance	5,650
Telemarketing database	10,050
Advertising	8,573
Other	<u>23,084</u>
	<u>\$135,155</u>

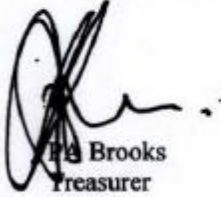

2010 has been a year of change and challenges for the council. Telemarketing is now conducted in house. This has resulted in start up costs and increased overheads initially. I am hopeful this is now on track as a successful income stream for the council.

Tin collection is now totally outsourced. I am hopeful this will allow for constant income strewn together with allowing office staff to concentrate their efforts on telemarketing activities.

Blind Sporting Council

I would like to take this opportunity to thank my fellow board members for their effort in progressing this difficult year, which of course would not be possible without the efforts of Moira Delvins and Annie Hall.

I look forward to a prosperous 2011 which will allow the council to assist visually impaired people to develop and achieve in their chosen sport of recreational activity.
